BHP ENGINEERING & CONSTRUCTION, LP

RELEVANT PROJECT EXPERIENCE

Union Carbide Corporation

North Seadrift, Texas, USA \$10 MM

Designed barge dock improvements. The project included:

- New coated steel sheet pile wall
- Separate containment cells at each hose or loading arm
- Process water is collected and pumped to the plant's waste treatment system
- Impermeable vertical barrier between old sheet pile wall and new sheet pile wall
- New pier to access barges
- Construction accomplished during the day with the barge loading and unloading being accomplished during the night.

Port of Corpus Christi, Texas, USA - \$5 MM

Designed new barge dock for the Port of Corpus Christi,

Port of Corpus Christi, Texas, USA - \$2 MM

Supervised maintenance of all docks & facilities for the Port of Corpus Christi, Texas (1971-1978).

Port of Corpus Christi, Texas, USA - \$3 MM

Project Assistant Resident Engineer for design & construction of Cargo Docks 14 and 15
